Community Voices Project

Do you want your organisation to:

- value diversity?
- increase their awareness of disability and enhance community harmony?

The Project uses skills and first-hand experiences of Community Voices to educate and raise awareness about the diversity of the community.

Community Voice members are people from the community from diverse backgrounds with disability and their families and friends who are trained in public speaking and who are willing to share their stories.

Community Voices Project

What do you get out of it?

The experience of the Community Voices will provide a starting point for discussions.

This important discussion will assist your organisation and the wider community to understand some of the broader issues faces by people of minority communities

- Access and equity
- Attitudinal barriers
- The benefits of diversity

Who is MDAA?

The Multicultural Disability Advocacy Association (MDAA) aims to promote, protect and secure the rights and interests of people from culturally and diverse (CaLD)/non-English speaking (NES) background with disability, their families and carers in NSW.

MDAA is considered the peak organisation in NSW that works **with** and **for** people from CaLD/ NES background with disability, their families and carers in NSW. We do this through individual advocacy, information sharing and representing their rights and interests at a systemic level.

MDAA Inc. gratefully acknowledges funding provided by the Australian government through Commonwealth funding grants from the Department of Social Services, and the NSW government of Ageing, Disability and Home Care, Department of Communities and Justice.
